230 VOLT PLUG & COOK

Catalytic filter, doesn't have to be connected to an extracted air system (ventless). Can be used immediately anywhere. Running costs also are record-breaking. Unrivalled by competitor products.

POWER EFFICIENCY

Maximum energy efficiency: the outstanding insulation means that very little heat is lost through radiation. Ready for use after a 10-minute heating-up phase.

EASY CLEANING

Easy to clean thanks to the hygienic baking chamber and easy-to-clean filter system. No further maintenance needed.

TOUCH SCREEN

Easy to use: controlling the oven using the 7" colour touchscreen is incredibly easy.

IMPINGEMENT TECHNOLOGY

Perfect baking and roasting results every time. Produce a tasty snack in record time.

DESIGN COMFORT

Robust and durable design features new ergonomic door handle and requires little space. Now also available in black.
